The Camera Never Lies... Prevention is the Answer

Hotels and Restaurants today face an on-going challenge when it comes to protecting their sales, inventory and personal property. Sources of risk come in the form of thefts by employees and vendors, vandalism, errors, and accidents. Other risks, namely exposure to civil litigation, lurk around every corner.

- Reduce Food and Beverage Inventory Shrinkage
 - Monitor all food and beverage inventory areas to remind your associates and vendors you are serious about preventing inventory shrinkage.
- Eliminate “No Charge” Sales
 - Monitoring your client service personnel will make them think twice about providing free products and services.
- Increase Productivity Through Surveillance
 - Reward good behavior by using monitoring systems to catch your employees doing something right.
- Reduce theft from POS System
 - Linking our monitoring systems to your POS system will provide a video review of every single transaction.
- Reduce Workman’s Comp Claim Liability
 - Monitoring your high traffic areas will provide video documentation to support your defense of Workman’s Comp claims.
- Testimonial
 - *"The installation of our ClearVision MCT 400 Digital Surveillance System has been the best investment we have made for our restaurant. The benefits are reflective in both our bottom line as well as employee performance. Productivity and efficiency has increased since the installation and will continue as we find more ways to improve upon the many facets of our business. All of this from my laptop, it is amazing!"*
