

## Retail Solutions

### The Camera Never Lies... Prevention is the Answer

Retailers today face an on-going challenge when it comes to protecting their merchandise and personal property. Sources of risk come in the form of waste, vandalism, errors, accidents and thefts by employees, vendors and shoplifters. In addition to the risk of actual inventory loss, other risks, namely exposure to civil litigation, lurk around every corner.

- Reduce Theft and Inventory Shrinkage
  - We specialize in anti-theft retail store security equipment, reducing shoplifting loss and inventory shrinkage.
- Eliminate "No Charge" Sales
  - Monitoring your client service personnel will make them think twice about providing free products and services.
- Deter Burglary and Robbery
  - Monitor your retail store to deter criminals from robbery or burglary
  - A sign on your storefront, a sticker on the window, or a visual of a piece of security equipment located near your front entrance is often a deterrent to a criminal.
- Reduce Workman's Comp Claim Liability
  - Monitoring your high traffic areas will provide video documentation to support your defense of Workman's Comp claims.
- Testimonial
  - *"Our top reasons for using MonitorClosely.com quality, cost and financing available. The customer service has been the best experience I have had a vendor and we work with a lot of vendors in our business. We obtained 4 quotes from the competition and MonitorClosely.com offered the best equipment at the best prices. Without a doubt we would recommend them to anyone interested in a quality product and service."*
