The Camera Never Lies... Prevention is the Answer

Businesses today face an ongoing challenge when it comes to protecting their employees, inventory, and personal property. Sources of risk come in the form of waste, vandalism, errors, accidents and thefts by employees and vendors. In addition, other risks, namely exposure to civil litigation, lurk around every corner.

- Reduce Theft and Inventory Shrinkage
 - Monitor your inventory areas as well as shipping and receiving to prevent theft and inventory shrinkage by employees and vendors
- Reduce Accidents
 - Monitor your workforce and provide visual feedback to power equipment users to improve safety
- Reduce Liability and Workman's Comp
 - Monitoring your high traffic areas will provide video documentation to support your defense of Workman's Comp claims.
- Increase Employee Productivity and Reward Good Behavior
 - Reward good behavior by using monitoring systems to catch your employees doing something right.
 - Video feedback is a powerful educational tool to increased productivity.
- Create a Safe Environment
 - With MonitorClosely.com solutions, you can
 - Monitor the front entrance and protect your receptionist
 - Monitor all other access points to deter unauthorized visitors from entering the premises
- Testimonial
 - *"Our previous DVR was only recording 10 days of footage, which was not enough us. MonitorClosely.com proved to me that system would hold more data than my current DVR prior to making our purchase. Our ClearVision system is recording up to 80 days and we could not be happier. My experience was terrific!"*
